139
140 **X. QUASI JUDICIAL HEARINGS (Land Use)**

141
142 Mayor Snover read the land use script and asked if any Commissioners had any
143 conflicts, personal bias or ex-parte communication to declare. There were none. He
144 swore in all parties that wished to testify on either hearing.

145
146 A. Zone Change 19-04 From C-2 to O-1 For Property Located at 100 Simonds
147 Rd.

148
149 Community Development Director Steven Saavedra explained that this zone
150 change is for 100 Simmons Road, it is currently located in a C-2 district and applicant is
151 want to change it to O-1 district. The property owner Jason Quigley is represented by
152 Kristin Johnson. The property is approximately 0.11 acres and the request comes
153 before Commission because the property owner seeks to sell the property. As it stands
154 right now the use is residential and the zoning is commercial, the two do not align and
155 as a result financial institutions and lending companies are not comfortable lending
156 money when the zoning and the use do not align. If this house is substantially damaged
157 it cannot be rebuilt because of the zoning. This area has been zoned commercial for
158 decades. When the property owner purchased the property in 2009 it was zoned C-2
159 and there was a pregnancy center business in there. At the time Mr. Quigley's relator
160 told him he could use it as residential and that is not the case. This zone change not
161 only affects the Quigley property but those around him. They could consider a
162 conditional use permit, this is discouraged because it does not transfer with the new
163 owner and it does not accomplish a goal.

164
165 Jason Quigley mentioned that he is currently renting the property to a disabled
166 veteran who is also interested in purchasing the property. He presented Commission
167 with information that he had received from Gordon Crane which he was given from the
168 zoning office that is very specific and he was cautioned about putting a resident in the
169 property because he would never be able to use it as commercial again. He presented
170 tax bills all the way back from 2009 where he has been paying on it as residential. He
171 also mentioned that this whole spot on Simonds Road is called the Simmons Housing
172 Subdivision. His first appraisal says it's residential and the 2014 appraisal also says
173 residential. He explained that this is creating a hardship for him because he can't sell
174 the property. He does not understand why we are so hung up on a theoretical business
175 that is probably never going to be there.

176
177 Terry the resident that is in there and wants to purchase the home explained that
178 the house is set up exactly how he wants and needs his home to be set up, he has

179 everything close because he doesn't drive, he has a security system set up and he
180 prefers not to have to move again and be put under additional stress. He is 100%
181 disabled from the military.

182
183 Commission moved into the discussion part of the hearing. Steven Saavedra
184 cautioned Commission about setting the precedence and who else is going to want a
185 zone change. Commission discussed that this was a hard decision and we could be
186 putting ourselves into a legal situation. The property that came before Commission in
187 October that was in the same situation could come back and say the Commission was
188 bias. Mayor Snover mentioned that they are similar and precedence setting and he
189 does not like to clean up previous messes. He stated that this Commission needs to be
190 consistent. Commissioner Sipe mentioned that we have the option to postpone for
191 further information. The way it is now the house can't be sold but the resident could still
192 stay there. The hearing was closed to discussion.

193
194 MOVED by Commissioner Randall to Approve zone change 19-04, a request
195 from Jason Quigley, for a zone change from the C-2 District to the O-1 Office and
196 Institutional District for property located at 100 Simonds Road, Aztec, NM SECONDED
197 by Commissioner Sipe

198
199 A Roll Call was taken; All voted Nay: Motion denied five to zero
200

201 B. Conditional Use Permit to Allow For A Church in a C-1 District, For Property
202 Located at 222 N. Main Ave.

203
204 Community Development Director Steven Saavedra explained this is a
205 conditional use permit request to allow a Church in a C-1 District. The C-1 district does
206 not allow churches by right. In the fall of 2019 New Harvest Church was located on
207 South Main Ave. which is also a commercial district, there was a fire which forced them
208 to relocate. They relocated at 222 North Main Ave. Community Development was made
209 aware of this when the Pastor of the Church came in to get a sign permit. This is in the
210 MRA plan as a C-1 property. He went through the staff summary. He stressed the MRA
211 which the Commission approved. He cautioned them about ramifications in the future.
212 Businesses who would want to sell alcohol could ask for a waiver but those that are
213 dispensaries cannot get a waiver at all.

214
215 Mr. Bost mentioned that he is aware of the situation. It was his misunderstanding
216 that led him to put the church in the location where it is. He grew up in this community.
217 The church looks better now than it did when they moved in. He does pull people from
218 outside of Aztec. He does not object to businesses with alcohol or even a dispensary.
219 He received letters of support from Main Street Music and NAPA. They want to be
220 supportive active members of the community. They have the doors open whenever
221 there is an event going on downtown. The building is leased for 1 year with an option to
222 renew. They currently have 25 – 30 members enrolled in the church.

223

224 Mr. Miera agreed with Mr. Bost, he feels that they are a business and they would
225 like to stay on Main so that they have visibility in the community. They want to see the
226 downtown grow.

227
228 Mr. Payne owns Premier Fitness was present and testified that he is in support of
229 the church. They have no negative impact on his business. He feels that they have an
230 impact on the downtown corridor.

231
232 The hearing was closed to testimony and opened up to discussion from
233 Commission. Commissioner Sipe does not feel that it would be a problem for them to
234 stay and she feels that it is better than for it to be vacant and Commissioner Randall felt
235 the same except he doesn't feel that we should put all the conditions on them listed in
236 the staff summary recommended by staff. Commissioner Lewis approves of the
237 conditions and wants to know how it would affect a dispensary. The Mayor feels that we
238 need to think long term and does this fit within the MRA and what is typically on a Main
239 Street. The MRA does not consider this as an economic benefit to the downtown.
240 Commissioner Sipe disagrees because those buildings have been empty for years and
241 it now looks like someone is taking care of the one store front. Mayor Pro-Tem Fry
242 would like to know what EDAB thinks, she would like to table it and get an opinion for
243 EDAB to weigh in.

244
245 The hearing was closed to discussion.

246
247 MOVED by Commissioner Randall to Approve CUP 19-02 a request from Danny
248 Bost for a conditional use permit to allow a church in the C-1 district at 222 N. Main Ave,
249 without conditions SECONDED by Commissioner Sipe

250
251 A Roll Call was taken; Commissioner Randall and Commissioner Sipe voted Aye;
252 Mayor Snover, Mayor Pro-Tem Fry and Commissioner Lewis voted Nay: Motion denied
253 three to two

254
255 MOVED by Commissioner Sipe to Table CUP 19-02 a request from Danny Bost
256 for a conditional use permit to allow a church in the C-1 district at 222 N. Main Ave, until
257 it is discussed with the EDAB Board and was SECONDED by Mayor Pro-Tem Fry

258
259 A Roll Call was taken; Commissioner Lewis, Sipe and Mayor Pro-Tem Fry voted
260 Aye; Mayor Snover and Commissioner Randall voted Nay: Motion passes three to two

261
262 **XI. COMMISSIONER, CITY MANAGER, DEPARTMENT REPORTS**

263
264 City Manager Steve Mueller mentioned he had received a couple of positive
265 comments about the street sweeping. He attended his first Chamber meeting this
266 morning they are trying to get organized and move forward. He will be in Gallup for the

The Honorable Michelle Lujan Grisham
Governor of New Mexico
Office of the Governor
490 Old Santa Fe Trail
Room 400
Santa Fe, NM 87501

Dear Governor Lujan Grisham,

The City of Aztec writes to respectfully urge you to sign Senate Bill 57 (Pet Food Fee for Neutering and Sheltering) into law. Senate Bill 57 will create an equitable funding mechanism for statewide low-cost spay/neuter services, a proven approach to reducing pet overpopulation and euthanasia locally and nationwide. This bill is as much a cost-saving measure as it is a humane animal care measure, and its passage is imperative to our ability to be effective and judicious stewards of City funds.

New Mexico counties and municipalities spend a combined \$27.8 million or more each year on taxpayer-funded animal control, animal care, associated infrastructure, and euthanasia. Private nonprofits spend an additional \$10.7 million for sheltering and spay/neuter services. Approximately half of the homeless animals that come into the care of animal control agencies and rescue organizations are euthanized for lack of homes, which is an appalling and wasteful use of dollars.

We know that citizens in Aztec want to see sustainable solutions to the problem of pet overpopulation. We believe Aztec citizens deserve to see their hard-earned dollars and donations used to humanely care for shelter animals and promote adoption—or, in fact, also support other important municipal services—rather than continue to feed the tragic and expensive cycle of animal euthanasia in our area.

We are aware that measures similar to Senate Bill 57 have passed in other states, including Maine and West Virginia. Data and testimonials from those states have shown the funding mechanism to be extremely effective in reducing animal shelter intake and euthanasia rates, thereby saving related costs. Additionally, the pet food industry appears to be unaffected—in fact, it continues to thrive in those states—and pet food customers continue to enjoy a broad selection of products to feed their dogs and cats.

For the aforementioned reasons, we believe Senate Bill 57 offers a reasonable, fiscally prudent, and beneficial solution to the problem of dog and cat overpopulation that has long plagued Aztec and our great state of New Mexico. We ask you to support the measure and thank you for your consideration.

Respectfully signed,

Rosalyn A. Fry

NM DFA LGD: New Mexico Department of Finance and Administration Local Government Division

The City Manager and Finance Department have completed a review of the budget for all departments and have identified adjustments, revenue, expenditures and transfers, requiring a budget resolution. A workshop was held with the City Commission on Tuesday, January 14, 2020, to discuss the mid-year budget adjustments. - .25/hr to all current employees who were employed by the City as of 1/28/2019 (one year service) and are not included in city apprentice programs (Electric lineman & meter tech; Water/Wastewater Plant operator certification program).
- New employees, employed from 1/29/2019 to 1/28/2020, will receive the .25/hr increase upon completion of one year service with the City.
- Future employees, employed after 1/28/2020, are not scheduled to receive this additional compensation.
