

ADOPT-A-NEIGHBOR RECIPIENT INFORMATION

This service is available to Aztec residents who:

- Are physically unable to maintain their own properties
- Cannot afford to pay for these services
- Do not have neighbors, family, or friends to assist them
- Live in a residential area (Apartment Complexes are excluded)

Please be aware that the Code Compliance Office will do its best to match people, however, if a match cannot be found, residents are still responsible for maintaining their properties.

You can expect your volunteer to:

- Help with basic yard work. This is not a landscaping service. Volunteers are only responsible for maintenance to keep the property in compliance with City of Aztec Codes.
- This may include mowing grass, pulling weeds on the property and in alleyways, cutting back shrubs and cleaning up limbs and debris.
- Volunteers should be available often enough to keep your property compliant
- Volunteers are not obligated to do any labor outside normal yard work
- If a volunteer is unable to make a scheduled assistance time you will be notified.
- All volunteers will have an identification badge and they should never request any form of payment from you. Please report anybody that makes such a request to 334-7697

As a recipient of this service, you:

- Should call 505-334-7697 if someone other than your volunteer does your yard work so we can save your volunteer a trip
- Are responsible for providing trash bags for clean up.
- Are responsible for arranging disposal of all yard materials
- Should thank your volunteer for their time
- Should NOT invite your volunteer into your home, for your safety and his or hers. You may, if you choose, however, send cookies, lemonade, iced tea, or other goodies home with your volunteer.
- Should NOT pay your volunteer. Your volunteer is doing this for the reward of serving people in need.
