- (3) No swimming pools or spas/hot tubs will be filled and no City provided water shall be added to any swimming pool or spa/hot tub, unless the water is transported in from another source or means. Any enclosed swimming pool owned by the municipality or public school is exempt.
- (4) Water features may operate if they re-circulate water, but not when windy conditions exceeding 12 mph exist. Water features that do not re-circulate water are prohibited from operation.
